4月，协会外企志愿服务工作委员会一行赴云南省怒江傈僳族自治州和昆明开启第八次公益行活动。

4月7日至10日，协会副会长张浩带队，来自固特异、3M中国、鹏卫齐、益海嘉里、希尔顿、美守安（三井住友保险株式会社旗下）、外高桥企业发展促进中心、和黄医药8家会员企业的21位志愿者来到云南省怒江傈僳族自治州泸水市。4月8日上午，“固特异梦想书屋”揭幕仪式在泸水市教育体育局举行。协会副会长张浩，工作委员会领导团队成员、固特异亚太区企业传播及政府事务副总裁裴蓓，禄劝县委常委、副县长陈靓，上海宋庆龄基金会公益项目高级顾问朱亚萍，泸水市教育体育局学生资助中心主任李晓军，老窝镇中学校长赵文共同出席。仪式上，裴蓓女士与赵文校长交接“固特异梦想书屋”门牌；赵文校长向张浩副会长赠送感谢锦旗。在怒江期间，会员企业志愿者们分别走进老窝镇中学和新时代中学，根据不同学段的学生特点，带来了多元课程。来自禄劝职业高级中学校长晏发富、盘龙职业高级中学校长庞瑞斌还向学生们分享了多元化的职业教育成长路径。志愿者们与参加了2025第二届职业梦想夏令营的同学们进行交流座谈，聆听他们分享新学年的校园生活、挑战与憧憬。

4月13日，作为本次公益行昆明站的活动，禄劝职业高级中学的40余名师生走进益海嘉里（昆明）食品工业有限公司。禄劝县委常委、副县长陈靓，益海嘉里（昆明）食品工业有限公司副总经理刘正伟参加。师生们在公司相关负责人和员工志愿者的带领下走进企业工厂，通过参观生产线、展示面点刀工技能和亲手制作曲奇饼干，近距离体验现代化食品工业的标准化运营与烘焙乐趣。

SHFIA led member enterprises to make 8th public-service visit to Yunnan

In April, the SHFIA Foreign Enterprise Volunteer Service Committee embarked on its eighth public welfare trip to Nujiang Lisu Autonomous Prefecture and Kunming in Yunnan Province.

From April 7 to 10, Zhang Hao, Vice Chairman of SHFIA, led a team of 21 volunteers from eight member companies—Goodyear, 3M China, PVH, Yihai Kerry, Hilton, Msig (a subsidiary of Mitsui Sumitomo Insurance), Waigaoqiao Enterprise Development Promotion Center, and Hutchison China MediTech (Hutch-Med)—to Lushui City, Nujiang Lisu Autonomous Prefecture, Yunnan Province. On the morning of April 8, the unveiling ceremony of the "Goodyear Dream Library" was held at the Lushui City Education and Sports Bureau. Attendees included Zhang Hao, Vice Chairman of SHFIA; Pei Bei, member of the leadership team of the Working Committee and Vice President of Corporate Communications and Government Affairs for Goodyear Asia Pacific; Chen Jing, Deputy County Mayor of Luquan County; Zhu Yaping, Senior Project Advisor of the Shanghai Soong Ching Ling Foundation; Li Xiaojun, Director of the

Student Aid Center of Lushui City Education and Sports Bureau; and Zhao Wen, Principal of Laowo Town Middle School. During the ceremony, Pei Bei handed over the "Goodyear Dream Library" nameplate to Principal Zhao Wen, who then presented a thank-you pennant to Vice Chairman Zhang Hao.

During their stay in Nujiang, the volunteers from member companies visited Laowo Town Middle School and New Era Middle School, where they delivered diverse courses tailored to students of different grade levels. Yan Fafu, Principal of Luquan Vocational High School, and Pang Ruibin, Principal of Panlong Vocational High School, shared insights into diverse career development pathways through vocational education. The volunteers also held exchange discussions with students who participated in the second Vocational Dream Summer Camp in 2025, listening to their experiences, challenges, and aspirations in the new academic year.

On April 13, as part of the Kunming leg of the public welfare trip, over 40 teachers and students from Luquan Vocational High School visited Yihai Kerry (Kunming) Food Industry Co., Ltd. Chen Jing, Deputy County Mayor of Luquan County, and Liu Zhengwei, Deputy General Manager of Yihai Kerry (Kunming), attended the event. Guided by company representatives and employee volunteers, the teachers and students toured the factory, observed production lines, showcased their dough-making and knife skills, and handmade cookies, gaining hands-on experience of the standardized operations of the modern food industry and the joy of baking.

嘉宾们齐聚蟠龙新天地营运部，瑞安房地产公共关系总经理张烨介绍了蟠龙新天地的更新理念。工作人员现场分发了三个主题探索路线：“社区+公园”、“文化+商业”、“探秘可持续”。在奥雅纳的主任工程师、高级可持续发展顾问姚曳，瑞安房地产张烨总，LEED北亚区高级经理蔡圣君的分别带领下，嘉宾们观察了社区与公园的融合设计，感受场景融合带来的可持续理念的落地表达；了解了项目在历史肌理保留、文化品牌引入、水质治理与生活方式延续等方面的实践做法；目睹了蟠龙新天地LEED ND金级认证的实践亮点，包括低碳出行、历史建筑保育、旧建材回收利用、步行街道网络及水资源保护等LEED条款的实景应用。探访结束后，各组汇合并分享了彼此的观察与收获；游船漫谈环节，嘉宾们在江南水岸风光中进一步感受了蟠龙新天地的生态与人文魅力。

Urban Renewal Branch: Green Tour at Panlong

On April 24, SHFIA's Urban Renewal Branch, in collaboration with Cobalt Information Technology (Shanghai) Co., Ltd. (developer of the LEED green building and city certification system) and Shui On Land Co., Ltd., co-hosted the "Green Tour at Panlong" green-themed guided tour. The event brought together representatives from over 20 member companies and industry practitioners, including Covestro, Mitsubishi Estate, and Signify, to explore Panlong Tiandi through three thematic routes, unlocking the practical code behind the transformation of a thousand-year-old ancient town into a benchmark integrated model of "culture + ecology + commerce + community." Deputy Secretary-General Ding Suiliang of SHFIA attended the event.

The guests gathered at the Panlong Tiandi Operations Department, where Zhang Ye, General Manager of Public Relations at Shui On Land, introduced the renewal concept behind Panlong Tiandi. Staff distributed materials for three thematic exploration routes: "Community + Park," "Culture + Commerce," and "Exploring Sustainability." Led respectively by Yao Ye, Principal Engineer and Senior Sustainable Development Consultant at Arup; Zhang Ye from Shui On Land; and Cai Shengjun, Senior Manager at LEED North Asia, the guests observed the integrated design of community and park, experiencing how the integration of scenes brings sustainable concepts to life. They also learned about the project's practices in preserving historical fabric, introducing cultural brands, managing water quality, and sustaining local lifestyles. The group witnessed the practical highlights of Panlong Tiandi's LEED ND Gold certification, including low-carbon transportation, historic building preservation, recycling of old building materials, pedestrian street networks, and water resource protection — all real-world applications of LEED provisions. After the tour, the groups reconvened and shared their observations and takeaways. During a boat cruise and dialogue session, guests further

immersed themselves in the ecological and cultural charm of Panlong Tiandi along the Jiangnan waterfront scenery.

绿色低碳发展分会：绿色低碳转型政策与创新实践分享会

4月27日，协会绿色低碳发展分会联合上海市节能中心主办的“绿色低碳转型政策与创新实践分享会——‘开卷新能·零碳智典’系列产业对接活动：可再生能源和储能专场活动”在上海科学节能展示馆举办。逾40位企业和机构代表参会，上海市节能中心副主任陶然、协会丁遂亮副秘书长出席，协会绿色低碳发展分会巴斯夫中国政府事务资深总监蒋永勇主持会议。

上海市节能中心能碳监测科科长范松介绍了碳排放双控与绿色制造两大政策体系，并回答企业有关能碳指标、能源管理中心申报等方面的问题。上海环交所碳中和运营中心高级经理黄天辰介绍了碳市场的基本概念和原理、碳定价机制类型、国际碳市场的发展现状、中国碳市场的基本架构及发展历程，以及全国碳市场及价格趋势。实践分享环节，巴斯夫能源转型与可再生能源开发高级经理黄林分享巴斯夫在能源转型与储能领域的实践和降碳降本取得的成效；西门子中国智能基础设施数字化赋能中心业务拓展经理徐佳祺介绍西门子能碳管理数字化解决方案在能源管理、碳管理、微电网管理方面的实践；上海兴邨材料科技有限公司副总经理陈晖介绍了智能折叠追光发电系统。与会嘉宾还参观了“开卷新能·零碳智典”上海市绿色低碳高质量发展应用场景专题展，该展览汇聚50余家企业近百项绿色低碳应用场景，集中展示了从绿色能源供应、零碳园区、节能工艺升级到数字化能碳管理、碳捕集利用等前沿技术解决方案与落地场景。

Green and Low-Carbon Development Branch: Sharing Session on Green and Low-Carbon Transition Policies and Innovative Practices

On April 27, the "Sharing Session on Green and Low-Carbon Transition Policies and Innovative Practices – 'New Energy Unfolded · Zero-Carbon Wisdom' Series of Industry-Matching Events: Special Session on Renewable Energy and Energy Storage," co-hosted by SHFIA's Green and Low-Carbon Development Branch and the Shanghai Energy Conservation Center, was held at the Shanghai Science Energy Conservation Exhibition Hall. The event was attended by over 40 representatives from enterprises and institutions. Tao Ran, Deputy Director of the Shanghai Energy Conservation Center, and Ding Suiliang, Deputy Secretary-General of SHFIA, were present. The session was moderated by Jiang Yongyong, Senior Director of Government Affairs at BASF China and representative of SHFIA's Green and Low-Carbon Development Branch.

In his opening remarks, Tao Ran, Deputy Director of the Shanghai Energy Conservation Center, noted that the 15th Five-Year Plan period is a critical phase for Shanghai to strive toward achieving its carbon peak goals. The synergy between renewable energy and energy storage

is an essential pathway for Shanghai to build itself into a strong manufacturing hub and a new highland for green and low-carbon development. He emphasized that this event effectively communicates policy and market dynamics and uses real-world cases to guide enterprises in their transition. Fan Song, Head of the Energy and Carbon Monitoring Division at the Shanghai Energy Conservation Center, introduced the two major policy systems – dual control of carbon emissions and green manufacturing – and answered questions from enterprises regarding energy and carbon indicators and applications for Energy Management Centers. Huang Tianchen, Senior Manager at the Carbon Neutrality Operation Center of the Shanghai Environment and Energy Exchange, explained the basic concepts and principles of carbon markets, types of carbon pricing mechanisms, the current state of international carbon markets, the basic structure and development history of China's carbon market, as well as national carbon market and price trends.

During the practice-sharing session, Huang Lin, Senior Manager of Energy Transition and Renewable Energy Development at BASF, shared BASF's practices in energy transition and energy storage, along with the results achieved in reducing carbon emissions and costs. Xu Jiaqi, Business Development Manager at Siemens China Smart Infrastructure Digital Empowerment Center, introduced Siemens' digital solutions for energy and carbon management, covering practices in energy management, carbon management, and microgrid management. Chen Hui, Deputy General Manager of Shanghai Xingye Materials Technology Co., Ltd., presented an intelligent folding sun-tracking power generation system. Attendees also visited the "New Energy Unfolded · Zero-Carbon Wisdom" special exhibition on green, low-carbon, and high-quality development application scenarios in Shanghai. The exhibition gathered nearly 100 green and low-carbon application scenarios from more than 50 enterprises, showcasing cutting-edge technology solutions and implemented cases ranging from green energy supply, zero-carbon parks, energy-saving process upgrades, digital energy and carbon management, to carbon capture and utilization.

中科联化是一家聚焦新材料与生物基聚合物产业应用的创新型企业，由都佰城集团与中国科学院于 2017 年在上海合资设立。公司围绕高端化学品及原材料工业投资、应用研发与技术创新持续布局，在生物基材料、生物基聚合物乳液、生物基涂料、水性阻隔涂层、生物基胶黏剂等领域具备较强的技术研发与产业化能力。

中科联化积极融入全球减塑、降碳、循环利用与可降解替代的产业链体系，并协同都佰城与巴斯夫，为食品品牌及餐饮连锁企业绿色包装的低碳升级与可持续发展提供了更具可行性的系统化解决方案。公司积极响应国家高水平对外开放、高质量发展和“双碳”战略，拥有数十项生物基材料相关发明专利，服务于新能源电池、造纸包装、城市更新、绿色低碳产品升级等相关制造业领域。

Chinese Academy of Sciences Unichem Co., Ltd.

CASU Co., Ltd. ("CASU") is an innovative enterprise focused on the industrial application of new materials and bio-based polymers. It was established in Shanghai in 2017 as a joint venture between DUBOICITY Group and the Chinese Academy of Sciences. The company continues to strategically invest in high-end chemicals and raw materials, covering areas such as bio-based materials, bio-based polymer emulsions, bio-based coatings, water-based barrier coatings, and bio-based adhesives, where it has developed strong R&D and industrialization capabilities.

CASU actively integrates into the global industrial chain of plastic reduction, carbon reduction, recycling, and degradable alternatives. Together with DUBOICITY and BASF, it provides food brands and restaurant chains with systematic solutions for the low-carbon upgrading and

sustainable development of green packaging. The company actively responds to China's national strategies of high-level opening-up, high-quality development, and the "dual carbon" goals. Holding dozens of invention patents related to bio-based materials, CASU serves manufacturing sectors such as new energy batteries, papermaking and packaging, urban renewal, and green and low-carbon product upgrading.
